	Diagnostic and Conduction System Studies	0.25
	Hemodynamics, Calculations, and Percutaneous Intervention	0.25

Understanding This Chart

The chart above shows the credit distribution we've assigned to your activity.

Content outline used: Shows the discipline and implementation year of the content outline we used to assign the credit distribution for this activity. The credit distribution we've listed for the most recent content outline (if more than one appears) will remain in effect until the implementation year of the next content outline for that discipline (every five years), or your course approval expires, whichever happens first.
